

**APPLICATION
FOR REGISTRATION**

**REGISTERED ENVIRONMENTAL
ASSESSOR II**

Section 2 - Education

To qualify for registration, the California Health & Safety Code section 25570.3(c)(1) requires that an REA II possess a bachelor of science degree from an accredited college or university in a physical or biological science, engineering, or a related field. Please indicate your qualifying degree. You may be asked to supply transcripts to enable OEHHA to determine if your degree meets the statutory and regulatory requirements.

1. Please list your degree(s) and indicate which degree meets the qualifications for REA II registration:

Name of Institution	Field of Study	Degree Received	Year Graduated	Qualifying Degree?

Please provide a copy of each degree/diploma.

2. If your degree is not in a physical or biological science or engineering, please indicate how your degree is related to those fields of study: _____

You may use the "Optional Statement of Qualification" to explain how your degree qualifies you for registration (see Section 7).

3. Applicant's Licenses/Certifications/Registrations:

List state certifications, licenses, registrations or certifications by a nationally recognized professional association in a physical or biological science, engineering or related field. (Attach additional sheets if necessary) **If you are an REA I, you may skip this Section.**

License/Certification/Registration Name	Registration #	Awarding Agency	From/To (Month/Year)

4. Criminal/Civil Record:

Have you ever:

(i)	been disbarred, suspended, reprimanded, censured, disqualified or otherwise disciplined as a member of any profession or holder of any public office?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
(ii)	voluntarily surrendered a professional license or certification, or had one denied, revoked or suspended?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
(iii)	been the subject of professional disciplinary proceedings?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
(iv)	been convicted of a crime, including a felony or misdemeanor involving an act of moral turpitude? (Conviction of a crime includes a plea or verdict of guilty or a conviction following a plea of nolo contendere.)	Yes <input type="checkbox"/>	No <input type="checkbox"/>
(v)	knowingly made a false statement regarding a material fact in connection with an application for registration?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
(vi)	had a civil judgment against you for professional errors, negligence, incompetence or professional malpractice in the conduct of your business?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
(vii)	had a civil judgment against you for an action involving fraud, deceit, misrepresentation or forgery?	Yes <input type="checkbox"/>	No <input type="checkbox"/>

If you answer yes to any question, explain the circumstances, in detail, on a separate sheet and include date, location, plea, penalties, and current status.

Section 3 - Areas of REA I Expertise

If you are not currently registered as an REA I, please check each area of REA I expertise that applies to you.

- ☐ 7.01 Air Emissions Prevention, Monitoring and Control
- ☐ 7.03 Emergency Preparedness and Response
- ☐ 7.12 Surface and Groundwater Contamination Prevention, Monitoring and Control
- ☐ 7.15 Small Generator Waste Reduction, Recycling, Treatment and Disposal
- ☐ 7.21 Occupational Health and Safety Reviews
- ☐ 7.23 Risk Assessment and Risk Reduction Recommendations
- ☐ 7.25 Assessment of Soil Contamination
- ☐ 7.27 Underground Tank Checks and Removal

Section 4 - Professional-Level Environmental Experience

Health and Safety Code section 25570.3(c)(2) requires that an REA II have a minimum of eight (8) years of professional-level environmental experience, acquired within the last ten (10) years, of which four (4) years shall be professional-level site mitigation experience acquired within the last 6 years.

“PROFESSIONAL-LEVEL ENVIRONMENTAL EXPERIENCE” means that all of an REA II’s professional experience must be experience applying scientific or engineering principles in a physical or biological science, engineering or related field. This experience includes instances where the REA II’s conclusions formed the basis for reports, studies and other similar documents. Professional-level environmental experience shall be in positions in which scientifically supportable technical decision-making, as well as professional responsibility and integrity are demonstrated with minimal supervision.

(California Code of Regulations, Title 14, Chapter 3, section 19030) Also, please see the California Code of Regulations, Title 14, Chapter 3, section 19033 (e) for additional definition of “professional-level environmental experience.”

In the next two subsections, please describe your experience in positions and projects, which qualify as professional-level environmental, and site mitigation experience. Please remember that your professional-level environmental experience must total to eight (8) out of the last ten (10) years, and your professional-level site mitigation experience must total to four (4) out of the last six (6) years.

4.a - Professional-Level Environmental Experience: Position Descriptions

Please provide the following information for each position you describe (**Minimum eight [8] year's experience obtained during the last ten [10] years.**). Use a separate sheet for each position. Use the Position Summary, Section 4.b, to summarize and total your professional-level environmental experience

Section 5 - Professional-Level - Site Mitigation Experience

“PROFESSIONAL-LEVEL SITE MITIGATION EXPERIENCE” means supervisory or project management related experience obtained through managing or supervising scientific or engineering staff who are conducting multimedia investigations, assessments, and cleanup work at hazardous substance and hazardous waste sites. Such experience must be of a professional-level and indicative of an REA II's competence to conduct investigation, assessments and remedial work and/or to render opinions regarding investigation, assessments, and remedial work at response action sites. Professional-level site mitigation experience shall be in positions in which the applicant evaluated and selected scientific or technical methodologies for conducting assessments, contaminants, or removals at sites; supervised or coordinated other professionals in the conduct of scientific and technical tasks necessary to complete assessments, containments, or removals; and drew scientifically supportable technical conclusions, made recommendations, and issued opinions based on the results of assessments, containments, or removals.

(California Code of Regulations, Title 14, Chapter 3, section 19030) Also, please see the California Code of Regulations, Title 14, Chapter 3, section 19033 (f) for additional definition of “professional-level site mitigation experience.”

2. For each project, please provide the following information:
 - a. Describe how you applied technical knowledge and skill in one or more of your fields of expertise to this project.
 - b. Describe how you evaluated and applied relevant regulations to this project.
 - c. Describe the nature and extent of the environmental conditions associated with the project. Please list the contaminants and contaminated media encountered.
 - d. Describe what, if any, remedial actions were taken for each project and the extent to which you were involved in the selection and implementation of these remedial actions.
 - e. Describe the extent to which you were involved in this project either as a member of a team or the supervisor or project manager.
3. Describe the extent to which you were a principal decision maker for this project. In answering, please describe your overall role in the project, including a description of your conclusions and recommendations, and the method by, or form in which you communicated them. Please attach a copy of this communication. Remove client sensitive confidential information, as needed.

Section 6 – Technical Writing Sample

Provide one technical writing sample (e.g., risk assessment, sampling plan, remedial plan or other technical document). Do not submit more than one volume. Remove client sensitive confidential information, as needed.

Section 7 - Optional Statement of Qualifications

In 250 words or less, you may provide additional information to demonstrate that you meet the requirements for registration as an REA II.
